BANGALORE DIVISION."

Dated 26th February 1912.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Bangalore Division, up to 20th March 1912 for constructing a new tank across. Maralvadi stream near Mavathur, Kankanhalli Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1914.

- 2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore, between the hours of 11 A.M. and 5 P.M.
- Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.
- 4. Each tender must be accompanied by a deposit of Rs. 1,500 in cash or Government, promissory notes, as earnest money, and be superscribed "Tender for constructing a new tank across Maralvadi stream near Mavathur, Kankanhalli Taluk," in default of which, tenders will be rejected.
- The final acceptance of any tender will rest with Chief Engineer, who does not bind! himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.
- 6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.
- 7. The name of the successful competitor, whose tender has been accepted, will be-posted on the notice board in the Executive Engineer's office in due course. No enquiries-regarding the acceptance or rejection of a tender will receive any reply.
- 8. On acceptance of one of the tenders, the earnest money on rejected 'tenders will be returned.
- Bund; Right Channel; or Left Channel.

Abstract estimate of the probable cost of constructing a tank across Maralvadi stream, Kankanhalli Taluk.

Notice dated 19th February 1912.

Applications or tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 31st March 1912, for the right of quarrying and removing about 12,000 C. yds. of stone from the burnt stone quarry in front of the New High School and opposite the Central College. The depth of stone to be removed is approximately 15 feet from the present summit of the rock and whole of this should be removed to one uniform level, by the end of June 1913.

Applicants should state the rate they are willing to pay for quarrying and removing this stone. The stone quarried will be measured up (no deductions for interstices) as often as is required and the value of same at accepted rates must be paid before removal.

- 2. Applicants may also state the rate at which they will quarry and supply the stone to this department for the below mentioned purposes:—
 - (i) Road metal of $1\frac{1}{2}$ inches Per C. yd.
 - (ii) Building stones of sizes stacked in heaps ... Do
 - (N. B.—Deductions will be made for interstices according to the nature of the stacking.)
 - (iii) Slabs

... Per C. ft. for various thicknesses.

3. Each application must be accompanied by a deposit of Rs. 100 in cash or notes as earnest money.

H. D. RICE,

Executive Engineer.

KADUR DIVISION.

Dated 22nd February 1912.

The attention of the public is invited to the notification published in the Mysore Gazette dated 29th February 1912, calling for tenders for constructing a Male Lock-up building in the compound of the existing Jail at Chikmagalur, Kadur District.

R. S. NAVARATNA, Executive Engineer.
